RECOMMENDATION

Approve the Envision San José 2040 General Plan Update Task Force membership as listed on page two.

BACKGROUND

On June 26, 2007, the City Council approved the initiation of the Envision San José 2040 General Plan Update and established a framework for the creation of a citizen task force to guide the preparation of the General Plan Update.

We thank our Council colleagues for the designation of District Representatives to serve on the Task Force, and also for the recommendations of many other well-qualified candidates. We also received a positive response from community organizations nominating many others for the Task Force.

We recommend the appointment of the 37 individuals listed in the attachment. Collectively, these individuals will keep our best interests at heart and will work hard to deliver a General Plan Update that will strengthen our position as the Capital of Silicon Valley and help make us the best place in the world to work, live and raise a family.

Many excellent people were willing to serve and we appreciate their interest. Unfortunately, there was not room for everyone on the Task Force. We hope that they will get engaged in the process and provide input to the Task Force. During the course of the preparation of the General Plan Update, we will outreach to the entire community and seek involvement by all of our residents, businesses and community organizations.
